StarHub (STH SP)

Neutral (Maintained)

EBITDA To Stay Under Pressure from DARE+

- **Maintain NEUTRAL, new DCF TP of SGD1.07 from SGD1.20, 2% upside and 4.8% yield.** 3Q22/9M22 results were broadly in line with a step-up in opex and capex in 3Q22 from the DARE+ programme. We see EBITDA coming under further pressure in 4Q22 on seasonally higher opex. The stock's risk-reward profile appears balanced, with forward EV/EBITDA valuation at -1SD below historical mean. Our DCF-based TP is reduced to factor in a higher risk-free rate with a 4% ESG premium bolted on. Singtel (ST SP, BUY, TP: SGD3.55) is our preferred sector pick.
- **DARE+ impact.** 3Q22 core PAT fell 12.2% QoQ (-31.5% YoY) on lower EBITDA and margin from the ramp-up in opex related to StarHub's 5-year (2022-2026) transformation programme (DARE+). This brought 9M22 core earnings to SGD88.3m, at 76% of our forecast (consensus: 80%). Overall service revenue grew 13% in 9M22, with enterprise and broadband posting the strongest gains, followed by entertainment and mobile. StarHub has recalibrated its guidance based on the latest run-rate, with full-year service revenue growth of "12-15%" from "at least 10%" on expectations of further roaming recovery. Meanwhile, capex guidance has been moderated to "9-12%" from "12-15%" of revenue, as some investments have been deferred to FY23.
- **Strong recovery in mobile revenue.** Mobile revenue saw a third consecutive quarter of YoY growth (9M22: +8.8%) and jumped 6.6% sequentially, mainly from stronger recovery in roaming and prepaid sales. Entertainment revenue jumped 12.6% QoQ (9M22: 11% YoY), as ARPU surged 13% QoQ from subscriptions to the English Premier League (EPL) (booked from August). Meanwhile, broadband revenue expanded 23.5% YoY in 9M22, with the second quarter of contributions from MyRepublic (MR) broadband. It fell marginally QoQ from stronger competition.
- **TP moderated to factor in the higher interest rate environment.** We keep our earnings forecast but lower our DCF-based TP to SGD1.07 after factoring in a higher risk-free rate assumption from the heightened inflationary environment. The TP has baked in a 4% ESG premium based on our in-house methodology. We expect FY22F earnings to decline by c.21% YoY, mainly due to higher DARE+ opex and capex, followed by a 19% rebound for FY23F bottomline. This is as the roaming revenue recovery gathers pace alongside some positive synergies from the transformation programme.
- **Key downside risks** are weaker-than-expected earnings, lower-than-expected synergies from the DARE+ programme, and competition. Stronger-than-expected earnings present the key upside risk to earnings.

This report was prepared by RHB is meant for distribution solely and directly to "major" U.S. institutional investors as defined under, and pursuant to, the requirements of Rule 15a-6 under the U.S. Securities and Exchange Act of 1934, as amended (the "Exchange Act") via a registered U.S. broker-dealer as appointed by RHB from time to time. Accordingly, any access to this report via Bursa Marketplace or any other Electronic Services Provider is not intended for any party other than "major" US institutional investors (via a registered U.S. broker-dealer), nor shall be deemed as solicitation by RHB in any manner. RHB is not registered as a broker-dealer in the United States and currently has not appointed a U.S. broker-dealer. Additionally, RHB does not offer brokerage services to U.S. persons. Any order for the purchase or sale of all securities discussed herein must be placed with and through a registered U.S. broker-dealer as appointed by RHB from time to time as required by the Exchange Act Rule 15a-6. For avoidance of doubt, RHB reiterates that it has not appointed any U.S. broker-dealer during the issuance of this report. This report is confidential and not intended for distribution to, or use by, persons other than the recipient and its employees, agents and advisors, as applicable. Additionally, where research is distributed via Electronic Service Provider, the analysts whose names appear in this report are not registered or qualified as research analysts in the United States and are not associated persons of any registered U.S. broker-dealer as appointed by RHB from time to time and therefore may not be subject to any applicable restrictions under Financial Industry Regulatory Authority ("FINRA") rules on communications with a subject company, public appearances and personal trading. Investing in any non-U.S. securities or related financial instruments discussed in this research report may present certain risks. The securities of non-U.S. issuers may not be registered with, or be subject to the regulations of, the U.S. Securities and Exchange Commission. Information on non-U.S. securities or related financial instruments may be limited. Foreign companies may not be subject to audit and reporting standards and regulatory requirements comparable to those in the United States. The financial instruments discussed in this report may not be suitable for all investors. Transactions in foreign markets may be subject to regulations that differ from or offer less protection than those in the United States.

DISCLOSURE OF CONFLICTS OF INTEREST

RHB Investment Bank Berhad, its subsidiaries (including its regional offices) and associated companies, ("RHBIB Group") form a diversified financial group, undertaking various investment banking activities which include, amongst others, underwriting, securities trading, market making and corporate finance advisory.

As a result of the same, in the ordinary course of its business, any member of the RHBIB Group, may, from time to time, have business relationships with, hold any positions in the securities and/or capital market products (including but not limited to shares, warrants, and/or derivatives), trade or otherwise effect transactions for its own account or the account of its customers or perform and/or solicit investment, advisory or other services from any of the subject company(ies) covered in this research report.

While the RHBIB Group will ensure that there are sufficient information barriers and internal controls in place where necessary, to prevent/manage any conflicts of interest to ensure the independence of this report, investors should also be aware that such conflict of interest may exist in view of the investment banking activities undertaken by the RHBIB Group as mentioned above and should exercise their own judgement before making any investment decisions.

In Singapore, investment research activities are conducted under RHB Bank Berhad (through its Singapore branch), and the disclaimers above similarly apply.
