Stay BUY, new IDR3,450 TP from IDR4,000, c.50% upside. Given Aneka Tambang's nickel operations and more feasible gold sales target, we adjust FY21F-22F earnings by -3%. This reflects our conservative view towards uncertainty risks - ie China and Europe's energy crisis - disrupting global commodities' supply-demand dynamics in the short term. Furthermore, we apply a c.4% discount to our new TP (with the EV/EBITDA target now at

c.18x from c.19x) to reflect short-term risks from ESG-related issues.

Operations Ahead Staying Stable; Keep BUY

Aneka Tambang (ANTM IJ)

- Nickel prices were in turmoil, tumbling 10% from their peak price in mid-September at c.USD20,400/tonne amidst rising concerns from power outages in China that curbed stainless steel output (c.54% of production comes from there). This jeopardised nickel's demand outlook. Nevertheless, we believe our nickel price projection will remain supported at c.USD18,000 until the end of 2021, buttressed by persisting low inventory levels that still display a downtrend (-38% YTD; a 2-year low). We think this will translate into FY21F iron nickel ASP at c.USD15,600 (+25% YoY), which remains defensive, in our view, despite rationalisation on its sales target (FY21: c.25,600 tonne; -2% YoY) - this is a c.47% achievement visà-vis 1H21, with ASP at c.USD15,000/tonne (+41% YoY).
- Stable gold business; focusing on cost efficiencies. We believe sentiment from a strengthening of the USD Index (+5% YTD) to gold price have been factored in - prices will hover between USD1,700 and USD1,800/oz level in the medium term. Gold price stability is keeping ANTM's gold business in check (1H21 ASP: c.USD1,940/oz; +12% YoY) while complementing its sales achievements (1H21: c.429,000oz, +69% YoY; c.54% to full-year target) – FY21F gold sales is at c.792,000oz, +13% YoY. However, ANTM's efforts to maintain cost effectiveness remains key (1H21 gold operating margin: 6.6% vs 1H20 7.5%).
- Strong domestic demand helping nickel ore sales. During 1H21, nickel ore sales rose sharply (1H21: 3.7m tonnes, +2,075% YoY; c.47% achievement - FY21F: 7.7m tonnes; +135% YoY) from the low base effect due to Indonesia's export ban policy. ASPs also fared better at c.USD39.00/tonne (+12% YoY). We see stable domestic demand ahead, especially from the Morowali and Konawe Industrial Parks in Sulawesi, supported by higher projection of national nickel pig iron (2-10% nickel content) output (FY21F: c.385,000 tonne pa; +103% YoY)
- All in, a robust 1H21 results; overall achievements in line. ANTM booked topline of IDR17.3trn (+87% YoY) with net earnings of IDR1.2trn vs a 1H20 net loss of IDR159bn - 1H21 NPM stood at 7% vs a 10-year average of c.4% (positive 1H earnings only). Despite our earnings estimate revisions, its growth projection remains at a positive rate (FY21 EPS: +93% YoY). Balance sheet improvement (1H21 net gearing: 0.11x vs 1H20 0.29x) is also one of ANTM perks for our investment thesis. The short-term risks from ESG-related issues: High emissions from increased fossil fuel consumption and environmental exploitation.

Key drivers

- i. Higher ASP in ferronickel and nickel ore;
- ii. Higher sales volume in gold;
- iii. Cost efficiencies in fuel and shipping.

Key risks

Key risks

- i. Lower demand in nickel resulting in lower ASPs;
- ii. FX fluctuations;
- iii. Oil price recovery resulting in higher cash costs.

Company Profile

Integrated on 5 Jul 1968 under government regulation No. 22/1968 as Perusahaan Negara Aneka Tambang, ANTM was a state-owned company formed from the merger of several state-owned mining firms and projects, namely the State General Mining Co, State Bauxite Mining Co, Tjkotok State Gold Mining Co, State Precious Metals Co, Nickel Indonesia, and Diamond Project

ANTM is a vertically integrated, export-oriented, diversified mining and metals company, although with a shift in the regulatory landscape, it is now more focused on domestic sales in nickel ore and increasing domestic sales in gold for better margins. The company undertakes all activities from exploration, excavation, and processing right through to the marketing of nickel ore, ferronickel, gold, silver, bauxite, and coal, with locations all over Indonesia.

Investment Research Disclaimers

RHB has issued this report for information purposes only. This report is intended for circulation amongst RHB and its affiliates' clients generally or such persons as may be deemed eligible by RHB to receive this report and does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person who may receive this report. This report is not intended, and should not under any circumstances be construed as, an offer or a solicitation of an offer to buy or sell the securities referred to herein or any related financial instruments.

This report may further consist of, whether in whole or in part, summaries, research, compilations, extracts or analysis that has been prepared by RHB's strategic, joint venture and/or business partners. No representation or warranty (express or implied) is given as to the accuracy or completeness of such information and accordingly investors should make their own informed decisions before relying on the same.

This report is not directed to, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to the applicable laws or regulations. By accepting this report, the recipient hereof (i) represents and warrants that it is lawfully able to receive this document under the laws and regulations of the jurisdiction in which it is located or other applicable laws and (ii) acknowledges and agrees to be bound by the limitations contained herein. Any failure to comply with these limitations may constitute a violation of applicable laws.

All the information contained herein is based upon publicly available information and has been obtained from sources that RHB believes to be reliable and correct at the time of issue of this report. However, such sources have not been independently verified by RHB and/or its affiliates and this report does not purport to contain all information that a prospective investor may require. The opinions expressed herein are RHB's present opinions only and are subject to change without prior notice. RHB is not under any obligation to update or keep current the information and opinions expressed herein or to provide the recipient with access to any additional information. Consequently, RHB does not guarantee, represent or warrant, expressly or impliedly, as to the adequacy, accuracy, reliability, fairness or completeness of the information and opinion contained in this report. Neither RHB (including its officers, directors, associates, connected parties, and/or employees) nor does any of its agents accept any liability for any direct, indirect or consequential losses, loss of profits and/or damages that may arise from the use or reliance of this research report and/or further communications given in relation to this report. Any such responsibility or liability is hereby expressly disclaimed.

Whilst every effort is made to ensure that statement of facts made in this report are accurate, all estimates, projections, forecasts, expressions of opinion and other subjective judgments contained in this report are based on assumptions considered to be reasonable and must not be construed as a representation that the matters referred to therein will occur. Different assumptions by RHB or any other source may yield substantially different results and recommendations contained on one type of research product may differ from recommendations contained in other types of research. The performance of currencies may affect the value of, or income from, the securities or any other financial instruments referenced in this report. Holders of depositary receipts backed by the securities discussed in this report assume currency risk. Past performance is not a guide to future performance. Income from investments may fluctuate. The price or value of the investments to which this report relates, either directly or indirectly, may fall or rise against the interest of investors.

This report may contain comments, estimates, projections, forecasts and expressions of opinion relating to macroeconomic research published by RHB economists of which should not be considered as investment ratings/advice and/or a recommendation by such economists on any securities discussed in this report.

This report does not purport to be comprehensive or to contain all the information that a prospective investor may need in order to make an investment decision. The recipient of this report is making its own independent assessment and decisions regarding any securities or financial instruments referenced herein. Any investment discussed or recommended in this report may be unsuitable for an investor depending on the investor's specific investment objectives and financial position. The material in this report is general information intended for recipients who understand the risks of investing in financial instruments. This report does not take into account whether an investment or course of action and any associated risks are suitable for the recipient. Any recommendations contained in this report must therefore not be relied upon as investment advice based on the recipient's personal circumstances. Investors should make their own independent evaluation of the information contained herein, consider their own investment objective, financial situation and particular needs and seek their own financial, business, legal, tax and other advice regarding the appropriateness of investing in any securities or the investment strategies discussed or recommended in this report.

This report may contain forward-looking statements which are often but not always identified by the use of words such as "believe", "estimate", "intend" and "expect" and statements that an event or result "may", "will" or "might" occur or be achieved and other similar expressions. Such forward-looking statements are based on assumptions made and information currently available to RHB and are subject to known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievement to be materially different from any future results, performance or achievement, expressed or implied by such forward-looking statements. Caution should be taken with respect to such statements and recipients of this report should not place undue reliance on any such forward-looking statements. RHB expressly disclaims any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or circumstances after the date of this publication or to reflect the occurrence of unanticipated events.

United States

This report was prepared by RHB is meant for distribution solely and directly to "major" U.S. institutional investors as defined under, and pursuant to, the requirements of Rule 15a-6 under the U.S. Securities and Exchange Act of 1934, as amended (the "Exchange Act") via a registered U.S. broker-dealer as appointed by RHB from time to time. Accordingly, any access to this report via Bursa Marketplace or any other Electronic Services Provider is not intended for any party other than "major" US institutional investors (via a registered U.S broker-dealer), nor shall be deemed as solicitation by RHB in any manner. RHB is not registered as a broker-dealer in the United States and currently has not appointed a U.S. broker-dealer. Additionally, RHB does not offer brokerage services to U.S. persons. Any order for the purchase or sale of all securities discussed herein must be placed with and through a registered U.S. broker-dealer as appointed by RHB from time to time as required by the Exchange Act Rule 15a-6. For avoidance of doubt, RHB reiterates that it has not appointed any U.S. broker-dealer during the issuance of this report. This report is confidential and not intended for distribution to, or use by, persons other than the recipient and its employees, agents and advisors, as applicable. Additionally, where research is distributed via Electronic Service Provider, the analysts whose names appear in this report are not registered or qualified as research analysts in the United States and are not associated persons of any registered U.S. broker-dealer as appointed by RHB from time to time and therefore may not be subject to any applicable restrictions under Financial Industry Regulatory Authority ("FINRA") rules on communications with a subject company, public appearances and personal trading. Investing in any non-U.S. securities or related financial instruments discussed in this research report may present certain risks. The securities of non-U.S. issuers may not be registered with, or be subject to the regulations of, the U.S. Securities and Exchange Commission. Information on non-U.S. securities or related financial instruments may be limited. Foreign companies may not be subject to audit and reporting standards and regulatory requirements comparable to those in the United States. The financial instruments discussed in this report may not be suitable for all investors. Transactions in foreign markets may be subject to regulations that differ from or offer less protection than those in the United States.

DISCLOSURE OF CONFLICTS OF INTEREST

RHB Investment Bank Berhad, its subsidiaries (including its regional offices) and associated companies, ("RHBIB Group") form a diversified financial group, undertaking various investment banking activities which include, amongst others, underwriting, securities trading, market making and corporate finance advisory.
